

An Oregon Classic

The first beach cleanup in the nation was held here in Oregon in 1984. Since then, annual beach cleanups have spread to every state in the Union, all US territories and more than 100 countries around the world. This year, Oregonians will continue the tradition of twice-yearly beach cleanups, cleaning up our coastline from the Washington to California borders. This effort benefits visitors and wildlife alike, empowering citizens to be an active part of keeping their state clean and beautiful.

The Great Oregon Spring Beach Cleanup
